Here's why you made the right choice:

The FOILFX02 shaver is a perfect blend of luxury, design and high technology.

High performance, professional efficiency & perfect results

The FOILFX02 has been designed to achieve perfect trims and shades, becoming the perfect tool for extra-close shaves, for cleaning hairline and offer clean, net results.

Its ultra-thin floating foil system delivers a safe, close shave without irritating the skin and offers a 44 mm large shaving zone.

It delivers up to **3 hours of continuous run time** on a single ultra-fast charge of 3 hours only.

Its ultra-fast and powerful motor delivers 11 000 movements of blades per minute!

Its ultra-thin staggered double foil head provides the perfect cut in "hugging" the contour of the head or the face.

▶ **You will work combining speedier performance and perfection.**

Comfort

It is very comfortable to use thanks to its perfectly balanced design. Its full metal housing is elegant but not only, it is also very resistant and perfect for a heavy-duty use in hair salons and barber shops.

Ease of use

The shaving foil unit can be removed very easily for easy regular maintenance. After use simply replace the protective cover of the shaver in order to turn it off.

▶ **You will be able to fuse the blend on bald fades, shave a whole head on very short hair. It enables you to even up, clean up the neckline, eliminate stubble and stray hairs from the face for clean shaving and a perfect irritation-free finish.**

Ultra-resistant and 100% professional, the SKELETONFX has a 40 mm T-blade adjustable to zero and a digital motor developed in collaboration with FERRARI, guaranteeing high performance, power and cutting precision.

High-performance, professional efficiency & perfect results

It delivers up to **2 hours of continuous run time** on a single ultra-fast charge of 3 hours only. Its precision engineered 40mm Titanium T-blade with zero gap adjustment makes it possible to achieve perfect clear cuts. It is also ideal for close trimming, precise neck and beard outlining and also edging around ears, perfect for fine lines and creative styling.

It is provided with an electronically controlled digital motor which features much lower vibration than a traditional motor.

The SKELETONFX works cord or cordless with always the same high level of power.

The SKELETONFX is ideal for any type of hair.

Comfort

The SKELETON's body is balanced for superior ergonomics. It features a knurled, non-slip grip for comfort and support.

It is lightweight and silent.

The exposed blade of the SKELETONFX will give you:

- ▶ **360° vision regardless of the position in which the outlining trimmer is placed and therefore a perfect visibility.**
- ▶ **Less heating because nothing traps the heat.**
- ▶ **The possibility to zero-gap your tool without removing the blade.**
