

10 - Plugs for Valves and Sensors

Features

- Used as an accessory
- Plastic and metal varieties
- Various models and standards
- For solenoids, position sensors, and pressure sensors, valves with/without built-in amplifiers

Description

<p>2P+PE Plug1DC Plug1AC</p> 	<p>Plug with lamp for solenoid of on/off valve DIN 43 650 ISO 4400</p>	<p>Features - Frosted transparent shell - DC/AC, optional - With or without cable, optional - Protection grade IP65</p>
<p>2P+PE Plug3</p> 	<p>Plug without lamp for solenoid of on/off valve DIN 43 650 ISO 4400</p>	<p>Features - Gray shell (A-end)/black shell (B-end) - DC/AC, optional - Without cable - Protection grade IP65</p>
<p>3P+PE Plug4</p> 	<p>Plug for pressure switch and sensor DIN 43 650 ISO 4400</p>	<p>Features - Black shell - With or without cable, optional - Protection grade IP65</p>
<p>2P+PE Plug5</p> 	<p>Plug with lamp for solenoid of on/off valve DIN 43 650 ISO 4400</p>	<p>Features - Transparent shell - With rectifier - Half wave rectification/full wave rectification, optional - Protection grade IP65</p>
<p>2P </p>	<p>Deutsch water-proof plug (without lamp) for water-proof solenoid</p>	<p>Features - Deutsch horizontal insertion - DC - Customizable cable length - Protection grade IP67</p>

Description

<p>2P </p>	<p>Deutsch water-proof plug (with lamp) for water-proof solenoid</p>	<p>Features - Deutsch horizontal insertion - DC - Customizable cable length - With LED indicate lamp - Protection grade IP67</p>
<p>2P+PE </p>	<p>DIN plug connect to Deutsch water-proof plug DIN 43 650 ISO 4400</p>	<p>Features - Epoxy resin filling (shockproof, water-proof) - With LED indicate lamp - DC/AC, optional - Connect to Deutsch plug - Protection grade IP67</p>
<p>2P+PE </p>	<p>DIN water-proof plug with cable DIN 43 650 ISO 4400</p>	<p>Features - Epoxy resin filling (shockproof, water-proof) - With LED indicate lamp - DC/AC, optional - Connect to Deutsch plug - Protection grade IP67</p>
<p>4P </p>	<p>Plug with lamp and cable for valve with position monitoring sensor</p>	<p>Features - Frosted transparent shell - M12x1 threaded connection - Customizable cable length</p>
<p>2P+PE </p>	<p>Plug for solenoid of proportional valve DINEN 175301-803 ISO 4400</p>	<p>Features - Gray shell (A-end)/black shell (B-end) - For proportional valve with external amplifier - Protection grade IP65</p>
<p>5P </p>	<p>5-pin aviation plug for plug-in type proportional amplifier</p>	<p>Features - M12x1 threaded connection - Please refer to the connection in electrical connections of each proportional valve - Protection grade IP65</p>
<p>6P+PE Plug14 </p>	<p>7-pin aviation plug for valve with built-in amplifier DINEN 175201-804</p>	<p>Features - M22x1.5 threaded connection - Please refer to the connection in electrical connections of each proportional valve - Protection grade IP65</p>
